 - 3,ANCHOR PEACE AND TRUTH: VERY POTENT AS YOU RELAX DEEPLY**
- 3 meditational releases !**
THIS IS A VERY INTENSE CLEARING OF THE EMOTIONAL BODY

As the body consists of more than 85% water and water carries or absorbs emotions, it is quite natural that the clearing of the water in the body such as the kidneys, the lymph nodes , and all organs will effect its output on YOUR INTUITION. When the mind is not free of earthly affairs it will continue to recycle all of old like memories, unsettled business and relationships.

The first section covers an EXTREMELY DEEP guided 1 hour clearing of angers, disagreements, fears , old belief systems and other emotional turmoil such as resistances, stubbornness that causes stuck breathing, swollen body parts, stomach problems and many other ailments due to deep distorted elementals through the WATER OF THE BODY. YOU CAN EXPECT : Clearing all invaded bacteria and infections in lymphoid tissue associated with the lymphatic system which is concerned with immune functions in defending the body against infections and the spread of tumours. Clearing of the kidneys : The kidneys remove wastes, control the body's fluid balance, and regulate the balance. Bacteria may infect the kidney, usually causing back pain and fever. Minerals in urine form crystals (stones), which may grow large enough to block urine flow and leg swelling (edema) may also be a symptom.

The second section will cover PEACE FULL MEASURES which will be integrated through some quite easy technology and support system meaning you will be able to set yourself in such a deep resonating peace that nothing can touch you any longer. The effect will be that you become SO CALM & SERENE in your walk & talk even literally that it will surprise yourself !

THIS IS NEEDED TO OPEN YOUR INTUITION TEN FOLD so you will learn to really TRUST Self on all levels. Trusting Self means you don't need another entity to validate you, you start trusting your instincts which brings you in a space where you can truly set your goals for a new life, gain knowledge about ACTIONS you need to take in order to MANIFEST your DREAM !

PEOPLE WITH SLEEPING PROBLEMS AND RUNNING THE MP3 THROUGH BEFORE BEDTIME WILL HAVE AN EASE AND GRACE PEACE FULL NIGHT and is also very beneficial to give your emotions time to leave the body while sleeping.

In the third section you will open up your alignment to become observative and set the records to FLOW 100 % WITH YOUR INTUITION at all times.

" OPEN THE GOLDEN LOTUS POWER & SPIRAL BACK INTO ETERNITY"

**WE WILL WORK WITH LANGUAGES OF LIGHT!!!
TRANSFORM CONSCIOUSNESS IMMEDIATELY
AND OPEN THE ETERNAL GATEWAY FOR THIS 1E GOLDEN AGE".**

The most Powerful and mandatory alignment one can integrate in this age and time because it aligns to everything that you are or through which you get to know your "Self" and that is so unique for everybody !

AND IN THE END, YOUR DIRECT CONNECT WILL BE ALL THERE IS !

WITHOUT YOUR SOURCE/SELF IN THE BODY THERE IS NO SATISFACTORY VIBE OR ONLY CONFUSION AND FEELING LOST.

This alignment will **DIRECT AND REDIRECT** you when life gets tough. It is important to move light substance/information through the root and crown at the same time in order to keep yourself in the flow versus stuck patterns in the body such as diseases. Even if you don't have much time to show your level of gratitude to the universe, a few minutes with your connection to your Source can move mountains and recalibrate you in no time... It will help you to move through the shifts with ease and grace as it is the level where you can trust and easily absorb information and thus act accordingly.

Therefor the Eternal Gate needs to be opened first through Light codes as it is interconnected because otherwise your **DIRECT CONNECT TO SOURCE/SELF** does not carve a space in which you learn to be as one with your Source and your authentic or Original Self that opens with it.

A most beautiful alignment to the Golden Lotus is included in this alignment (Golden Age)and modern day Light Language paving its stem through the mud and opening its multidirectional petals. When the English language is anchored in the body it opens a gateway for you to easily code or rewire static into healthy vibrations. It means that you can run Golden words or mantras through the spine that you need in order override density

You will receive :

50 mins alignment + instruction doc + 2 designs to assist the alignments coming in.

EPISODE 5

PERFECT IMMUNITY: CLEAR STRESS CELLS

We will Clear the Thymus, the bone marrow with the Indian Nations

We release negative emotions that block us from speaking freely.

The entire immune system will be cleared and healed from any disease; in a way that you can start to channel your own knowledge.

Knowing how to be solitary is central to the art of loving. For its the high heart of knowledge that opens within...

Knowledge may be the only most important Substance within your Essence to tap into, not through machines , or anything tested on animals as the were born on a completely different consciousness then humans even though they may have a lot in common, ...

Knowledge comes from intuition first, then trusting that intuition as through experience in the body until that very experience gives you proof in the body. To keep it simple : it opens consciousness within consciousness, the same way as different brands of coffee taste differently depending on the land where the coffee bean grew, how the coffee beans were cultivated, what was that consciousness that brought it into creation and so on...

Knowledge is a never ending spiral of surprises and a most frustrating essence when the passion for knowledge gets stuck .

What makes a difference is a pure body or a body full of toxic waste for bacteria in consciousness, the physical and emotional bodies would always keep one from evolving into the next level of knowledge for it needs a clear space in order to hold the integrity within knowledge

This episode will clear out your immune system into the deepest levels possible meaning the bone marrow, kidneys and thymus will get a complete overhaul in order to tap from intuition into the first levels of knowledge

You wil receive :

1mp3 creordings (55 mins) + instruction doc + 1 designs to assist the alignments coming in.

EPISODE 6

“ECLIPSE THE OLD AND IGNITE YOUR FIRE INTO PROSPERITY, ABUNDANCE AND SUCCESS”

This episode will take you through a journey of eclipsing old recycling beliefs you may have that holds you back from living an ABUNDANT lifestyle on all levels and realignment to success and how you can ignite the attraction to prosperity.

Prosperity is such an issue on earth and the least understood energy when it comes to **DOING WHAT NEEDS TO BE DONE.**

That is taking action and **ECLIPSING** the old belief systems and many times old family ties deeply embedded within your DNA.

Start out everything in the **NEW NOW**; eliminating all of old, whether it be your believe systems, low esteem, unworthiness, mass consciousness and consciousness from former lifetimes such as habits, fears, thinking patterns, psychological warfares, educational systems, job related issues, resistances and so on to understand how you can generate your lifestyle into financial freedom, freedom of speech, physical/emotional health and create a protection from fears that makes you drown over and over again into the lower levels of limitation.

The alignments will take you through a journey of eclipsing old recycling beliefs you may have that holds you back from living an ABUNDANT lifestyle on all levels in order to

ALLOW and work with a new mindset that ATTRACTS financial abundance, free flow expression in relationships, creating a new business , new jobs, new perspectives and understanding what held you back.

EVERY CHACRA will be addressed in this guided recording to assist the release of stuck patterns and the over-thinking process we have with money that rather holds us back from receiving abundance. Your energy will be set into the Fields of Instantaneous Manifestations in which you no longer hold any negativity. When both energies start to fuse you create your vision of abundance.

Intense Alignment: 1 hour 14 mins on mp3

EPISODE 7

OPENING THE EYE OF THE DIVINE “

A lot of training will come through this episode such as clearing the old sounds and blurry visions. The eyes upgrade with the level of hearing.

Opening to the “EYE OF THE DIVINE” or all seeing eye could be equated to breaking down the pineal architecture such as the 911 tower.

Imagine the work it will take, the understanding it needs to rebuild and the EXACTITUDE of knowledge which can only come through one day at a time.

It comes along the sixth sense and equal frequencies. One cannot just train supper consciousness when physical fitness doesn't match that mentality and a polished non emotional yet extremely sensitive body.

A lot of training will come through this episode such as clearing the old sounds and visions as connected to the astral planes which will make room for your physical eyes and ears to integrate sound waves and a new tv screen that rebuilds the pineal into "The Eye of the Divine Energy Field".

In this episode we will go through an intense clearing of all the nerves connected to the eye as well as the muscles and erect the muscles of the eye along the clearing and healing of the entire anatomy such as the iris, the cornea, the eyeball, the lenses. This is actually an intense purification that allows the realignment to the power of vision in the pineal and the power of the word (or speaking truth through the vocal chords which will be addressed as well).

You will receive the technical tool to speak truth tones and equally , people in your direct surrounding will have no option but to speak truth which is quite a festival to witness and to handle. With it comes the options to ground truth in your surrounding and holding a grid for that promotes the environment to change drastically.

These alignment should be done for at least a week, after that , they can be applied at any time you deem appropriate, it will always bring through a new return investment and deeper insight as you grow within Light configurations and healing modalities.

You will receive :

1 mp3 : 96 mins alignment, Guide Lines and designs to adjust with.

EPISODE 8

INSTANT MANIFESTATIONS through communication

The most important communication system ever, being your computer system in the brain that hosts electronic devices through which you can connect , communicate and receive information and data. Very deep alignment, clearing and integration procedures.

Clearing the thyroid, parathyroid glands, healing & communication with the Elements
NEW LIGHT EARTH COMMUNICATION SYSTEM in this age comes through many new technological support systems such as social media, your cell phone and its many application, tv and radio stations but the most important communication system ever being your computer system in the brain that hosts electronic devices through which you can connect , communicate and receive information and data from other life sources/forces, other dimensional beings, other universes .

There is no end into which communication can flow as this new golden age is all about remembering how to communicate with everything that is alive without fearing the communication with the fairies, the devas, the nymphes the sylphes or the kingdom of the elementals and the elements such as the gemstone kingdom, water, fire , earth , the ethers, metals, wood ...

Lavender is the first cause of energy from the origination of the 1e golden age for it creates complete freedom.

You will receive :

2 MP3 : 1 hour 6 mins Alignments, 15 mins introduction, 2 designs + **GUIDE LINES**.

EPISODE 9

CONSCIOUS REMEMBRANCE

Remembering certain vast potentials within the self will help you to make sense from nonsense. Reality always relies on expansion and the ability to investigate fearlessly. **VERY BEAUTIFUL REALISATION.**

The true value of men steps into the scenes when one starts understanding the substance of light and how to work with it through a myriad degrees or levels.

Leaving traditions and cultures for what they are behind and understanding the correlation between different levels of consciousness takes a lot of upgrades and conscious study within self. Remembering certain vast potentials within the self will help you to make sense from nonsense. Reality always relies on expansion and the ability to investigate fearlessly.

The quality of your experiences depends on your brain capacities. The more we subtract the nonsense in the mind, the more the subtle mind becomes active because the brain can only take but so much information , therefore modern day lightbody or Merkivah is needed not only to expand but to store many levels of consciousness when the brain is piled up with cobwebs/static. This episode will set up the balancing scales within the

hypocampus/seahorse in the brain which is needed to open up remembrance in the heart center as it is very stress related.

Selftalk always misses the point for what you talk about is what you get in the brain, in other words a reflection of what you are at in your life instead of opening new doorways.

You will receive :

1mp3 recordings (52mins) + instruction doc + 2designs to assist the alignments coming in.

EPISODE 10
